

Monkton Bluefriars Small Boats Head Race

1 Webscorer for short course

1.1 Introduction

- 1.1.1 Two tablets will have been set up to time Bluefriars short course. One tablet is used at the Saltford end of the course and the other at the midcourse timing point.
- 1.1.2 As far as the tablets are concerned, the short course consists of three laps; the first is the upstream segment of the race for second is the time when boats are parked after racing upstream; the third is the downstream segment. It is arranged at the time spent on Lap 2 (Park) is ignored
- 1.1.3 The tablets will have been started and synchronised for you

1.2 The Saltford Tablet

- 1.2.1 Initially The icon for each crew will show **Tap to Start**
- 1.2.2 Tap when boat starts upstream segment
- 1.2.3 Then it will show **On lap 3/3**
- 1.2.4 then tap when boat Finishes downstream segment
- 1.2.5 then it will show **Finished** for a few seconds before disappearing

1.3 The Midcourse Tablet

- 1.3.1 Initially The icon for each crew will show **On Lap1/3**
- 1.3.2 Tap when boat finishes upstream segment
- 1.3.3 then it will show **On lap 2/3**
- 1.3.4 then tap when boat starts downstream segment
- 1.3.5 then it will show **Finished** for a few seconds before disappearing

1.4 Uploading times

- 1.4.1 When you have entered both times for all the crews upload them the usual way. (See more general notes about webcorer.)
